STREAMLINED. DURABLE. COMFORTABLE.

Tactical yet streamlined. Who says they have to live apart? With a blend of stretch and traditional fabrics, the HLX Collection delivers elevated performance as it bends and moves where you need it most while maintaining a structured, professional look. Soft, lightweight canvas with integrated stretch panels in critical places and a sleek, low-pro look help you maintain your edge, with maximum comfort and mobility. **Hybrid Lightweight Crossover.** Two worlds become one.

STRENGTH & STRETCH

Premium lightweight durable fabric with integrated stretch panels where you need them.

Contoured stretch panels

Action-stretch fabric inset

FIT TYPES

RELAXED FIT

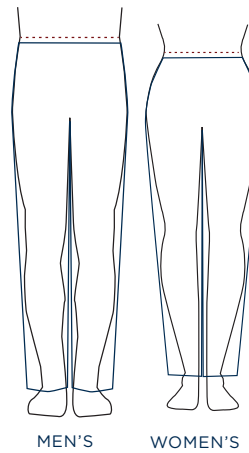

Elastic waistband sits at the waist. Relaxed through the hip and thigh. Straight through the leg.

CLASSIC FIT

Stretch waistband sits slightly below regular waist. Comfortable through the hip, thigh and leg.

ATHLETIC FIT

Rigid waistband sits slightly below the waist. Straight through the hip, thigh, and leg.

MODERN FIT

Curved waistband sits below the waist comfortable through the hip and thigh with a straight leg.

TAKE ADVANTAGE OF OUR IN HOUSE CUSTOMIZATION OPTIONS

Propper is a one stop shop for embroidery, heat transfers, hemming and other customization services so your items arrive ready to wear.

EMBROIDERED NAME TAPE

For an additional charge, name tapes are offered in a variety of color and thread combinations. Name tapes are available in 1/2", 5/8" and 3/4" letter sizes. The name tapes may be purchased individually or they can be attached to your uniforms prior to shipping. Please allow 7-10 business days to complete request.

ORGANIZATION PATCH ATTACHMENT

For an additional charge, shoulder and chest patches can be attached to your uniforms prior to shipping, arriving ready to wear. Let us handle the meticulous attachment process for you; we'll ensure every patch is aligned per your department standards and consistent across all garments.

FREE HEMMING

Propper offers free hemming on select unhemmed products. Please allow 7-10 business days to complete request. Items that have been custom hemmed cannot be returned.

LOGO DIGITIZING AND EMBROIDERY

For an additional charge, custom logos or lettering may be added to many of our garments. Embroidered logos are available per your desired stitch count and colors. Logo digitization is also available for a fee. Contact Customer Service for more information.

HEAT TRANSFER

For an additional charge, heat transfers of logos or lettering can be applied to many of our garments. Reflective and non-reflective options are available; lettering can be no larger than five inches in height.

NO UPCHARGES ON EXTENDED OR MADE-TO-ORDER SIZES

Propper offers a wide range of sizing available every day with no upcharge on extended sizes. Additionally, a variety of our products can be ordered in special sizes not listed in this catalog. These made-to-order products are built to the same exacting standards as our stocked product in whatever size you require and have no upcharge. Contact Customer Service for availability and lead time. Made to order products cannot be returned.

MERCHANDISE RETURN POLICY AND PROCEDURE: NO RETURNS WILL BE ACCEPTED AFTER 30 DAYS UNLESS THE MERCHANDISE IS DEFECTIVE.

Merchandise returns will not be accepted without a Return Merchandise Authorization (RMA) number. Please contact Propper Customer Service at 800.296.9690 to obtain a RMA number. Soiled or worn merchandise will not be accepted for credit. All items must be free of any non-Propper tags, including but not limited to price tags, inventory tags, etc. Failure to remove such tags will result in an additional deduction from the credit to recover labor costs required to remove/replace tags. RMA numbers are valid for 30 days. Any return sent with an invalid or expired RMA number will be refused and returned to the customer at their expense. The RMA number must be clearly displayed on the outside of each carton returned to Propper and returned by a traceable carrier. Customer is responsible for all freight charges associated with the return except when due to Propper's error. Unauthorized returns will be refused and returned to you by your carrier. Any non-Propper or unauthorized merchandise included with an RMA will be denied credit. All merchandise returned to Propper is subject to a 15% restocking fee unless the merchandise is defective. Any discrepancy or short ship claim must be reported within ten (10) days of receipt of your order.

ARMOR WARRANTY:

Propper warrants that your ballistic panels conform to the current NIJ 0101.06 requirements for ballistic threats. The warranty period is five (5) years from the date of purchase, if and only if, and only if they are labeled as being in compliance with NIJ 0101.06 requirements.

TACTICAL COVERS AND CONCEALABLE COVERS

Propper fully warrants nylon covers against defects in workmanship or materials for 24 months after date of purchase.

ARMOR RETURNS:

Return reasons that **WILL NOT** be assessed a re-stocking fee:

- Wrong Item Shipment: Customer received the wrong item
- Shipping Error: Customer received someone else's order
- Defective: Items received have a manufacturing defect
- Order Entry Error: CSR entered an item incorrectly from Customer PO
- Carrier Error: a shipping error was made by the carrier

*The discrepancies above must be reported within 14 days of receipt of shipment

Return reasons that **WILL** be assessed a re-stocking fee:

- Customer Error: Customer PO to Propper was incorrect
- Sizing Error: The Customer indicates that the sizing is incorrect

NOTE: If the customer indicates that the sizing is incorrect within 14 days of receipt of shipment, no re-stocking fees and no shipping costs will be charged to the customer. If after 14 days, a re-stocking fee of \$50.00 for a custom sized concealable vest and \$25.00 for a standard sized concealable and/or tactical vest as well as shipping costs will be charged to the customer.

ARMOR RETURNS PROCESS:

Process for a return:

- Call your Customer Service Representative at **800.296.9690**.

Your CSR will issue a RMA number.

NOTE: RMA's are valid for 30 days. Any returns sent with an invalid RMA number will be refused and returned to you and could be subject to re-stocking fees regardless of return reason.

- Customer will be issued an electronic return label for the customer to return the product.
- Customer is required to package item and ship utilizing the electronic return label with the appropriate carrier.
- Customer will receive an email indicating that the item has been received by Propper and an estimated re-issue date is given.
- Customer will receive a ship notice when re-issue armor has shipped with tracking.
- Any non-Propper merchandise received with an RMA shipment will be donated or will be returned, at your expense.
- Any items sent unauthorized (not issued an RMA) will not be credited to your account and will be returned to you at your expense.

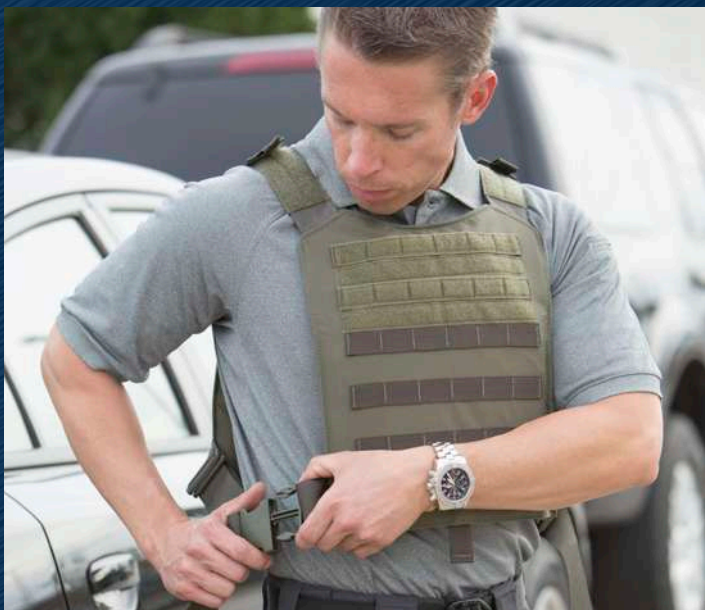

BODY ARMOR

TOUGH PROTECTION WHEN IT MATTERS MOST

Built to the rigorous standards of the NIJ, Propper body armor provides top-level ballistic and spike protection in tactical and concealable configurations, including the revolutionary 4PV with its independent side panels that move with you for maximum ballistic protection and comfort. Rugged and versatile tactical carriers feature bar tack reinforced stitching for added durability and longer wear.

4PV

Four Panel Vest

The 4PV panel system consists of a front, back and two side panels for complete protection. Additionally, with four panels, the 4PV is easier to size with fewer alterations, fits better, and allows for easy transfer between users.

4PV-FEM

Four Panel Vest - Female

The 4PV-FEM uses the same core concept as the 4PV, but the panels are perfectly shaped to contour around the female form. The 4PV-FEM is available in custom sizes and in any of the armor packages we produce.

FURY

Two Panel Vest

Our Fury panel answers the call for traditional cut concealable ballistics. The Fury panel is available in custom sizes in any of the armor packages we produce.

BALCS

Body Armor Load Carriage System

This is a standard U.S. Military cut that is available in any of the armor packages we offer. Available sizes are S, M, L, and XL.

MBAV

Modular Body Armor Vest

This is another standard designation for U.S. Military vests. MBAV panels are available in S/M and L/XL sizes in any of the armor packages we produce.

SAPI

Small Arms Protective Insert

SAPI cut panels are available in S, M, L, XL sizes in any armor package we offer.

BREACH

Full 360° Load Bearing Capability

The largest armor cut offered by Propper. Available sizes are S, M, L, XL, and 2XL.

SWITCH

Built For Speed and Comfort

Smaller than an entry vest, larger than a plate carrier. Available sizes are S/M, L, XL, 2XL.

CUMMERBUND INSERTS

Inserts for the sides of tactical vests

Available sizes are 6"x9", 6"x11", 6"x13", 6"x14.5", 6"x16". Available in any armor package.

THE 4PV PLATFORM

DUTY PROTECTION EVERY OFFICER WANTS

With four independent panels of ballistic protection, the 4PV (Four Panel Vest) system is the most comfortable armor system on the market. Each panel flexes independently, so whether sitting, standing, or running, the vest moves with the body. Neither men nor women have to sacrifice mobility, comfort, or protection when wearing armor. Additionally, with four panels, the 4PV is easier to size, with fewer alterations, a better fit, and easier transfer between users.

4PV / 4PV-FEM

4PV-U

THE 4 PANEL ADVANTAGE

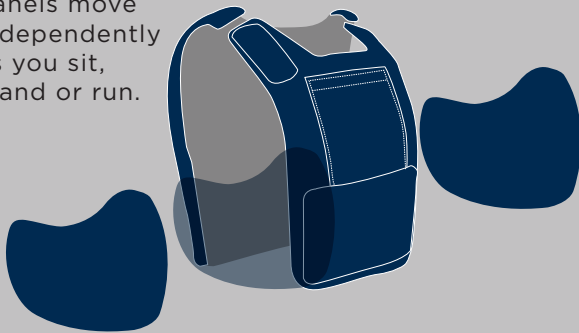

COMFORT

Four panels for better comfort and fit, eliminating ride up and bunching.

MOBILITY

Panels move independently as you sit, stand or run.

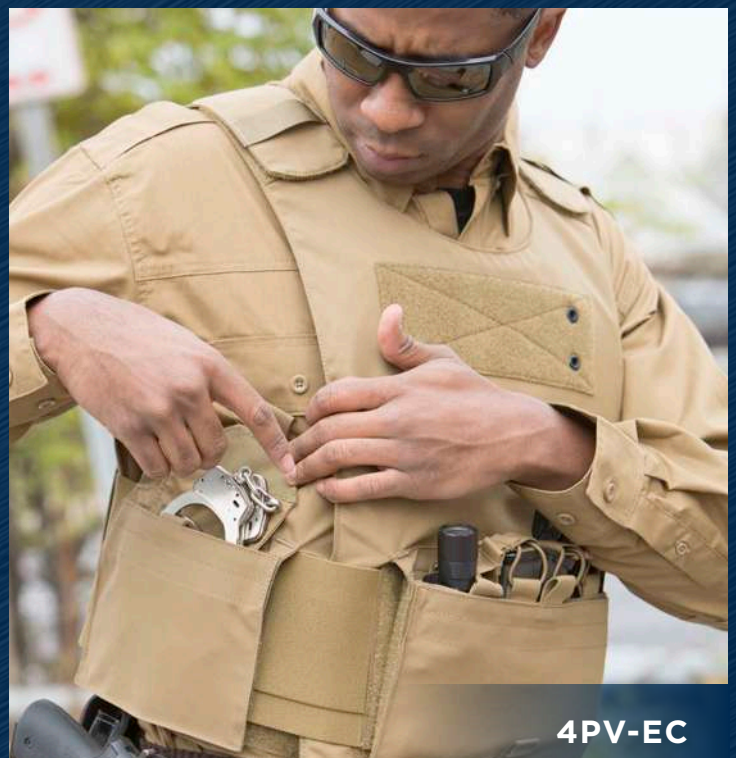

PROTECTION

Four panels instead of two for superior side protection.

4PV-TAC

4PV-EC

★★★★★ **MOST COMFORTABLE VEST EVER!**

"It is hands down the most comfortable vest I have ever worn! The modular side panels take away from the nagging pinching when getting in and out of a vehicle."

- **Propper.com** review

FOUR PANELS ARE BETTER THAN TWO

Eliminate the vulnerable side gaps and improve fit with the revolutionary 4PV line of body armor with NIJ-certified soft and hard panel protection. The 4PV provides top-level ballistic or spike protection in tactical and concealable configurations with side panels that move with you for maximum protection and comfort.

 Visit propper.com for product videos

4PV / 4PV-FEM

The 4PV (Four Panel Vest) is the latest innovation in armor protection. Four independent panels articulate to provide unparalleled mobility. This easy-to-size platform provides a fully modular, highly adaptable and comfortable system that users want to wear. Setting a new standard in women's vest comfort and protection, the 4PV-FEM offers a four panel system that articulates with the wearer's body. This new design molds to fit around the female form better than a traditional two-piece vest without bunching, billowing, or scooping on the chest and neck.

- Slim design
- Reinforced, highly durable straps to prevent sagging and rolling
- Durable 2-to-1 straps help mold armor around bust (4PV-FEM)
- Independent side panel suspension
- Four panel vest for complete modular coverage

SHIRT TAILS are available for the 4PV/4PV-FEM vest. Contact customer service at 800.296.9690 for more information.

4PV-U

The 4PV-U (Uniform) uses our innovative four panel protection system in an outer carrier designed to match a professional uniform and an easy on/off carrier with built-in pockets and badge holder. The 4PV-U is as comfortable as it is professional. Made from the same fabric as our Lightweight Tactical Pant (p.18) and RevTac uniforms (p.16) for a perfect match.

- To be used in conjunction with 4PV concealable carrier and ballistic inserts
- Shoulder epaulets with buttons
- Mic loop
- Badge tab
- Mock button front
- Vest must be individually sized

Carrier Only (F3596-2V)

4PV-TAC

The 4PV-TAC is the tactical adaptation of our revolutionary 4PV system. The 4PV-TAC cover allows users who are already issued a 4PV concealable vest to run the same armor in an overt application. The 4PV-TAC has MOLLE attachment points to allow for customization with our line of tactical pouches and ACE accessories.

- Lightweight carrier
- 360° MOLLE attachment points
- Body-facing antimicrobial mesh
- Front and back loop fields for identification
- 2-point release system for easy removal
- Can hold full size hard plates
- Vest must be individually sized

OPTIONS

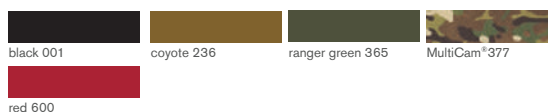

- ID placard
- Level III or Level IV plates
- ACE accessories

Carrier Only (F3300-2V)

Level II - 2BFA (F3453-2V)

Level II - OPTI-II (F3772-2V)

Level IIIA - 3AC (F3455-2V)

4PV-EC

Flexibility is the name of the game with the 4-PV EC (External Carrier) vest. Compatible with 4PV inserts, this vest has built-in badge grommets, placard loop, and comm channels on the shoulders. The rest you build the way you want it, with triple kangaroo pouches, pistol/M4 mag pouches, even a setup for medical.

- Kangaroo pockets on front and side
- Modifiable to user needs
- Vest must be individually sized

OPTIONS

- Kangaroo inserts
- ID placard

Carrier Only (F3718-2V)

2-PIECE ARMOR

2-PIECE BALLISTIC PROTECTION

Concealed and tactical, Propper's NIJ-certified traditional-style, 2-piece soft armor is built from high quality materials and protects against ballistic threats up to level IIIA.

FURY

The Fury 2-piece concealable carrier offers a low profile system that excels at operating in environments where discretion is necessary but protection is vital. Utilizing fabric technology and design to help maintain a cool temperature and reduce odor for the wearer, the Fury is suited to adapt to the most extreme environments for an extended period of time.

- Spacer Net Technology: moisture wicking interior
- Internal ballistic suspension system
- External pocket with included 5" x 8" soft trauma pack
- Vest must be individually sized

OPTIONS

- Special threat plates
- Shirt tails

Carrier Only (F3301-2V)

See pg. 69 for our MutliCam® helmet cover, compatible with ACH I and PASGT helmets

ACH I

The ACH I (Advanced Combat Helmet) is a solid, battle-proven head protection solution. The ACH is used by the U.S. Army and other military organizations worldwide.

- NIJ Level IIIA protection
- Made in the USA
- Provides high protection against a wide spectrum of small fragments
- Battle-proven and used extensively in Iraq / Afghanistan
- Shape used and accepted by the U.S. Government
- Sizes S-XL

F3363-2V

Regular Cut

ACH II

The ACH II (Advanced Combat Helmet) has all the same features of the ACH I but with a slightly higher cut at the ears allowing for better fit over a variety of communications equipment.

- NIJ Level IIIA protection
- Made in the USA
- Provides high protection against a wide spectrum of small fragments
- Battle-proven and used extensively in Iraq / Afghanistan
- Shape used and accepted by the U.S. Government
- Sizes S-XL

F3364-2V

Mid Cut

ACH III

The ACH III (Advanced Combat Helmet) is very popular with Special Forces due to its higher flexibility in extreme conditions. We use a 4-point harness with improved comfort, balance and reduced fatigue. This helmet is compatible with night vision equipment.

- NIJ Level IIIA protection
- Made in the USA
- Provides high protection against a wide spectrum of small fragments
- Battle-proven and used extensively in Iraq / Afghanistan
- Shape used and accepted by the U.S. Government
- Sizes S-XL

STREET FIGHTER SERIES

⚙️ CONFIGURATION: STAND-ALONE

Testing Standard: NIJ 0101.06

(with the exception of 6"x6")

Protection Type / Level: NIJ III Plus

Type of Protective Cover: Polyurea

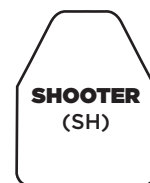

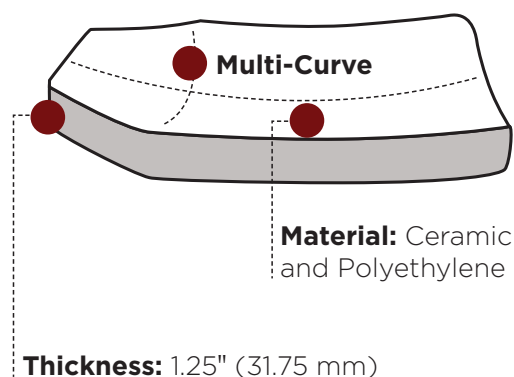

Special Threat Testing*:

5.56 mm x 45 mm 62 gr Ball (M855)*

7.62 mm x 39 mm 123 gr PS Ball (Mild Steel Core)*

7.62 mm x 51 mm 149 gr FMJ (M80)*

*Special Threat Testing conducted in accordance with an abbreviated and modified NIJ Standard 0101.06.

STYLE	SIZE	SHAPE	CUT	CURVATURE	WEIGHT	TESTING
F3432-2V	6"x6"	Full-Size	0.50"x0.50"	Single-Curve	1.52 lbs	Independent

RESPONDER PLATE

⚙️ CONFIGURATION: STAND-ALONE

Testing Standard: NIJ 0101.06

Protection Type / Level: NIJ Level IV

Type of Protective Cover: Cordura

Special Threat Testing*:

Rifle M-1 7.62 x 63 mm — AP M2⁺

Rifle M-1 7.62 x 63 mm — JSP

Rifle SVD, Dragunov 7.62 x 54R — B-32 API

Rifle SVD, Dragunov 7.62 x 54R — LPS

Rifle SVD, Dragunov 7.62 x 54R — L

Rifle FN FAL 7.62 x 51 mm — M80⁺

Rifle AK-47, M, SKS 7.62 x 39 mm — API

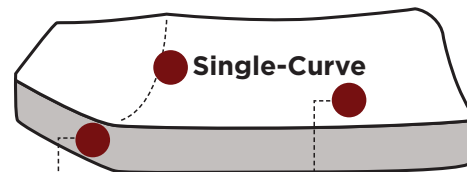

Rifle AK-47, M, SKS 7.62 x 39 mm — Mild Steel Core

Rifle AK-47, M, SKS 7.62 x 39 mm — Ball

Rifle M-16 / AR-15 5.56 x 45 mm — M855 / SS109

Rifle M-16 / AR-15 5.56 x 45 mm — M193

*Tested and verified to meet or exceed ballistic resistance as specified under NIJ Standard 0101.06 plus Special Rifle Threats validated.

Material: Ceramic/composite.
Polyurea coated 1000 Denier
CORDURA® fabric finish.

Thickness: 0.9" (22.86 mm)

STYLE	SIZE	SHAPE	CURVATURE	WEIGHT	TESTING
F3721-2V	10"x12"	Shooters	Single-Curve	7.7 lbs	NIJ Compliant
